

MP2S (mPCIe SSD to PATA/SATA adapter ver1.0b)

MP2S

MP2S is passive adapter design for Desktop SSD solution. that converts custom mPCIe SSD to SATA/PATA connector on main-board.

The adapter will allow you to use mPCIe SSD card as a hard drive on your PATA/SATA motherboard.

Function:

- allows user to use custom mPCIe SSD to PATA/SATA connector in the Desktop
- Compatible with MINI PCI-E SSD Module of ASUS EEEPC
- Support mSATA, SATA and PATA interface
- Power LED. PATA active LED

Notice:

The SSD module is controlled via the PATA or SATA interface to the main-board. And not the PCIE bus or USB port. It only requires power from the PCIE bus or USB port or Floppy connector. As a result PCIE/USB connector existing nets on the PCB which are power connecting only. Almost mPCIe SSD just only support master mode. So please setting your another IDE device on slave mode if you have. Such as HDD/CD-ROM.

Package Contents:

MP2S
(mPCIe SSD to PATA
/SATA adapter ver1.0b)
x1

PATA cable x1

SATA cable x1

External 5V/12V power supply x1

Screw x2

JP0155
(Standard Height PCI express bracket) x1

System Requirements:

- Windows 2000, XP, Vista, Windows 7, Server 2008
- Linux

As a New manufacturer of quality computer connectivity products since 2009/Mar, BPLUS technology brings to market a broad range of upgrade products. These products bridge the connection between Desktop/Notebook systems and external peripherals.
